

1.1

Jesus' body was not there.

Welcome

Detective investigation into the Easter story (booklet/ board/ pencil)

Who knows the Easter story? (tell us!) (time line)

Who knows when it happened? (time line with school topics)

That was a long time ago... so is it a true story? (what do they think?)

Today is all about making your mind up about that, so we are sending you to:

The crime scene (the empty tomb);
The forensic lab to look at what was actually done to Jesus;
The Museum to look at how accurate our records are;
The Police HQ to think about who was doing what, were, when and most importantly why; and
A zone called "Then and Now" to think about some other important evidence.

Order doesn't matter... so I'll send you out in 5 groups, tell you where to start... and then you work your way around the hall clockwise. We'll ring a bell when it's time to move on...

When you've done all 5 I'll see you back in here to find out how you got on!

Thank you and Easter eggs for book bags!!

I hope you've had a fantastic time... if you want to show "Who moved the stone?" to you parents, friends or others then it will be open to anyone on Good Friday, so the second day of the holidays, 10-12 in the morning in St. Luke's (see back cover)... with Easter party!!

tomb.

Actually it goes on to tell us about the conversation the angel had with the women when they arrived at the

white like snow.

...an angel of the Lord came down from heaven and, going to the tomb, rolled back the stone and sat on it. His appearance was like lightning, and his clothes were

The Bible actually tells us the answer. It's the final evidence marker, if you like. It says:

Who do you think moved the stone?

So... how did you get on... what did you find out?... which bits did you like? (their highlights)

Matthew 28.2
... an angel of the
Lord came down
from heaven and...
rolled back the
stone...
