THEN & NOW

5.1	Before, Peter and John were afraid. What changed?	
5.2	Saul (or Paul) hated the Christians, then he became one. Why?	
5.3	How have the people in the video experienced Jesus today?	
For thought:		
5.A	Throughout history people have said they have met Jesus or he has changed their life - is it true or are they making it up?	
5.B	Today, more than 2 billion people are Christians - people who believe the tomb was empty because God raised Jesus from the dead. Are you one of them?	

St. Luke's and St. Paul's would like to express their thanks to the Dewa Roman Experience, Chester for the loan of Roman costume and artefacts.
